1. [REDACTED]/OPC stated that he had received reports that a Subcommittee of the Senate Judiciary Committee was considering investigating [REDACTED]. I checked these reports with Mr. Schroeder of the Committee staff to find out [REDACTED]. There is a feeling that several persons who were formerly employed by [REDACTED] and had resigned or been terminated for left-wing activities had received employment in [REDACTED]. It was determined that I would attempt to ascertain who some of these employees might be if this could be done without indicating CIA interest in [REDACTED] and it was also determined that [REDACTED] should maintain their own cover and that there should be no present indication of CIA interest.
